TO WHOM IT MAY CONCERN

As a director & partner in the law firm Dykes Van Heerden Slabbert Hopkins, I head up our very successful training program which was established 16 years ago, focusing on the real estate industry. I first met Neil Minnaar during July 2018. I engaged him to speak during our first road show of 2019, a roadshow which comprised of 11 events around the Western Cape.

I have listened to many very good speakers during those 16 years and I can honestly share that Neil is one of the best I have heard. He is truly a brilliant inspirational speaker who adds amazing value to people's lives whilst delivering a masterpiece. It has been a privilege for me to listen to Neil and to see the effect he has had on those whom he has addressed in the property industry.

Yours Sincerely

LOUIS SLABBERT
